Dear EPA

Happy New YEAR

We have the pleasure to forward our EPA application for our wood-burning Stove Q-Tee II Glass and Steel versions.

In the enclosure you will also find the documentation from Omni-Test Lab for the emission test. (please use the link:

We kindly ask you whether it is possible to get a temporary certificate upon receipt of this application as we would like to start selling the products in the beginning of 2016.

Thanks a lot in advance for your assistance. If you have any questions or should we not have sent all the material required please do not hesitate to contact us

Best regards

Villy Jacobsen
